Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 02 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and isolated showers continue.

This Evening and Tonight:
Long clear spells and light winds will lead to a much cooler night than of late, particularly in the north. Some patchy cloud will continue to affect southern areas. Minimum temperature 7 deg C (45 deg F).

Tuesday:
A mostly sunny start to Tuesday, but cloud soon bubbling up to give a few isolated showers. Feeling pleasant in the sunshine, with light winds continuing. Maximum temperature 21 deg C (70 deg F).

Outlook for Wednesday to Friday:
Showers becoming more widespread through this period, giving some heavy and in places thundery downpours. Sunny spells are expected between the showers. Temperatures near average.
